

The _____ PTA is providing the following Parent Statement as a tool to assist parents in their efforts to protect children from situations where alcohol and drugs may be available for their consumption. The PTA is reaching to parents in an effort to be vigilant against the student use of alcohol and drugs. The PTA website will include a list of parents who have signed and returned the Parent Pledge and the list will be updated as additional Parent Pledges are received. If you agree with the Parent Pledge and wish to include your name with other parents who have signed the Parent Pledge, print this page, complete, sign and return it to your PTA representative. Both parents may sign one form. The PTA recognizes that this Parent Pledge is solely a parenting tool and is not legally binding, but if one child is protected from the dangers of alcohol and drug use, we will consider the program a success. If you have any questions, please e-mail your PTA Representative at _____.

1. In recognition of Texas laws which prohibit underage drinking, I will not serve alcoholic beverages to students or knowingly permit students to bring alcoholic beverages into our home or any event that I host; and
2. I will be present and aware during any gathering of students hosted by my child; and
3. I will be vigilant against the use of drugs in my home which includes prescription drugs, tobacco, and illegal drugs; and
4. If I invite students to our home or event, or if my child issues an invitation for a student gathering, I welcome inquiries from other parents regarding the gathering.
